During the weekends of June 28 and July 5, 1975, Walnut Hill, the oldest continuously active shooting club in the United States, in celebration of its 100th Anniversary and the Bicentennial of our country, will present a program of black and smokeless powder matches. We invite all shooters to enter these matches and be a part of our Centennial celebration.

Rules: Current N.R.A. rules will govern the matches except where specific Mass. Rifle Assoc. rules have been posted. The black powder matches will be governed by N.M.L.R.A. rules. All except Trap matches are re-entry, subject to available time and position for re-entry.

In addition to the above, a bronze Centennial medallion will be given to each tenth place after 15 entrys, plus every 10 entrys thereafter.

The Centennial medallions have been designed and a limited number struck for this centennial year only, and the die will be destroyed after the celebration so no more can be made and their value will be enhanced in the future. The gold filled medallions are being offered to club members only at $30.00 each. The silver and bronze are available only as prizes in the centennial year matches. The special Commemorative Zouave rifles are also a very limited registered, consecutively serially numbered group of .58 calibre Navy Arms rifles with the gold Centennial medallion inset in the stock just forward of the patch box which were offered to the club members for $170.00 by reservation only. Thus each shooter has a chance to win a unique prize that will increase in value with time and that cannot be duplicated.

On Sunday July 6, the prizes will be awarded, the Commemorative rifle drawing will take place, and a buffet supper will be held to close out the weekend celebrations. Prize winners not present will be notified and arrangements for delivery of their prizes will be made within 10 days.

Facilities: There are six covered firing points at 200 yards with butt service. The 50 yard line, which is also the 25 yard line for pistol matches, has 24 firing points. It is not covered. There is one trap field with automatic trap equipment which allows use for both singles and doubles.

Pre-registration & Squadding: There will be no pre-registration for the Niedner, Pope, or Trap matches. Pre-registration for the other matches is not required but advance entries are requested and will be confirmed by mail. Please list a second and third time preference with your request.

Relay Times: Trap matches begin at 9:00 AM with the last relay at 4:00 PM. All other match activities begin at 10:00 AM with relays on the hour or half hour, until the last relay at 4:30 PM.

Meals and Refreshments: The club house has a kitchen, and light meals, sandwiches, and beverages will be available during the matches. There are several restaurants in the area and there is room on the club property for picnics.
